

## Itinerary for visa application

An application for a visa to enter Japan should be submitted at the Japanese embassy or consulate that has jurisdiction over the applicant's place of residence. Please be sure to check the specific visa requirements on the embassy's or consulate's website and prepare all required documents accordingly. Also, please inform the School Office about the documents you need us to prepare. It may be necessary to schedule an appointment to apply for or receive a visa at the embassy or consulate. Please confirm whether or not an appointment is required before visiting the embassy or consulate.

Your flight tickets will be issued by the end of August. Due to the recent increase in the number of tourists to Japan, expect long wait times for obtaining your visa. Please prepare all required documents in advance so that you will be able to visit the Japanese embassy or consulate in your country immediately after receiving your flight tickets.

Your visa application requires an itinerary of your stay in Japan, which the School Office will prepare. Please refer to the sample below. If you are planning to extend your stay after completing the School session, please provide an itinerary showing your destinations, modes of transportation, and accommodations for each day **by 31 July**. If your itinerary after the School session is unclear or undecided at the time of your visa application, processing may take longer, and you may be required to submit additional documents. (A tentative itinerary is acceptable.)

We will send you the required documents for your visa application as an email attachment.

### <Sample> Itinerary in Japan (after International School on Advanced Immunology)

Date	Activity Plan	Contact	Accommodation
